FALL 2025

INTO THE HEART OF COLOMBIA

Award-winning filmmaker Michael Ryan Clark packed his DKOTA Grizzly gear and set his sights on South America, exploring Colombia's Los Nevados National Natural Park.

Michael's van journey, spanning the length of Columbia to Chile, was more than just about capturing stunning landscapes and elusive wildlife, it was an opportunity to fully immerse in indigenous Colombian culture.

Outfitted in apropos DKOTA gear, Michael and his friend Peter explored every aspect of the great outdoors - repelling down canyons, hiking beneath 70-foot waterfalls, and chasing rainbow trout in seemingly unexplored places.

The change in elevation from the rainy town of Murillo to the 17,000-foot peak of Mount Ruiz in the Andes called for a range of clothing layers in various fabrics. Michael was well equipped with new pieces from the Fall '25 line, drawing inspiration from the textures and prints of the Ecuadorian Amazon.

Quality, fit, and attention to detail are what continue to set the DKOTA brand apart. Our customers appreciate the value of each piece, which is why they continue to choose our clothing for their next outdoor adventure.

We invite you to enjoy the stories of these explorers, while each customer discovers their next favorite DKOTA piece in your store.
