

SPRING 2027

THE SOUL OF OAXACA

(wa - HA - ka)

Built for Adventure. Designed for Life.

In the southern heart of Mexico, Oaxaca stands as a place of striking contrast—where mountains rise high above the clouds and the Pacific stretches endlessly along rugged, dramatic coastline. Long celebrated as a cultural epicenter, it's a region where tradition and creativity are deeply intertwined.

Oaxaca City hums with life and color. Its colonial streets are layered with history, murals, and everyday expressions of heritage—most notably tied to Día de los Muertos. The influence of the Zapotec and Mixtec cultures is ever-present, shaping the art, architecture, and rhythm of daily life.

Beyond the city, small villages carry on generations of craftsmanship. From handwoven textiles to pottery and small-batch mezcal, each discipline reflects traditions that have endured for centuries. These are not relics of the past, but living practices—preserved, refined, and passed forward.

Along the coast, the terrain shifts. Cliffs fall into the sea, waves draw surfers from around the world, and fishermen bring in their daily catch along the shoreline. It's a place where old and new exist side by side, connected by the land and the water.

Award-winning videographer Michael Ryan Clark was joined on the journey by longtime friend and river guide Chadwick McDonald, who stepped away from the Grand Canyon to explore the depth and diversity of Oaxaca. Together, they moved from bustling markets to quiet coastlines—sampling local flavors, navigating winding streets, and taking in the landscape from every angle.

Fully equipped in DKOTA Grizzly, the experience was grounded in gear built to handle it all—timeless, durable, and ready for wherever the path leads.

Because in Oaxaca, exploration isn't just about the destination—it's about embracing everything in between.
